Paint Specifications

40-Year, Limited Manufacturer’s Warranty covering fading, chalking, chipping, cracking and peeling.

*Please Inquire for Availability

For additional information on our paint system and products please contact the Taylor Metal Products team.

Oil Canning – All light gauge metals can display waviness often referred to as “oil canning.” This is caused by steel mill tolerances, substrate variation and relative reflectivity. “Oil canning” is an inherent characteristic of steel products, not a defect, and is not a cause for rejection.
